WEEKLY NEWS LETTER

As I promised in a recent letter, I intend to put the "spotlight" on those political payrollers who oppose our campaign to bring independent full time justice to this town. As I am writing this I have just been informed that a large campaign sign of mine on West 20th Street has disappeared.

The key figure in my opponent's campaign in the West Granite area is a man whom you all know and...? His activities for my opponent remind me of a verse from that famous poem "The Highwayman" by Alfred Noyes:

"One kiss, my bonny sweetheart, I'm after a prize tonight.
But I shall be back with the yellow gold before the morning light;
Yet, if they press me sharply, and harry me through the day,
Then look for me by moonlight,
Watch for me by moonlight,
I'll come to thee by moonlight, though hell should bar the way."

Some people are saying, "This election means nothing to me" or "I'll wait till the big election where I can really help to clean up". Rome wasn't built in a day! This is a start. Clean out the City Court and bring in a full time efficient administration and you have taken a step in the right direction! Please don't let this election go by default. If you don't vote on April 30th and in every election, you have no right to complain.

HORACE L. CALVO

113 Taverns Have County Licenses, Check 12 Others

Threatened with padlocking, 28 taverns in the unincorporated area of Madison county obtained 1960 licenses from County Liquor Commissioner Gus Haller Thursday. Twelve others were still listed as delinquent on Friday.

The delinquent list published last month consisted of 51 taverns. In addition to the 40 accounted for in the latest listing, eight have been annexed to the city of Alton and permits will not be sought for three locations at Fairmont race track until the horse racing season opens.

County authorities added that some of the 12 taverns not applying for permits by Thursday, March 31 deadline may have gone out of business before Jan. 1. They are to be checked by the sheriff's office and closed if found to be in operation.

The \$300 yearly license fee is for the calendar year beginning in January.

Added to the 85 liquor licenses previously issued, the 28 increased the total of paid-up licenses to 113.

Levee Candidates

Drop Leaflets Over GC

A "leaflet bombardment" of the Levee District office, 1746 Madison avenue, was carried out Saturday by two Democratic primary candidates, Monroe Flinn and Thomas McGee of Venice, who are opposing the incumbent state. The leaflets also were dropped from a plane over East St. Louis.

The leaflets issued a challenge and warning to the incumbent levee board candidates that when the new state is organized on April 12, a grand jury investigation of levee district activities during the past 12 years will be sought.

The reverse side of the leaflet carried the personal pledge of the Flinn-McGee slate.

Drive A Success

Five Community Concerts Possibility Next Year

Five concerts instead of the usual four is a possibility for the Tri-City Community Concert Association season because of the success of the recent membership drive, Mrs. John McCabe Moore, drive chairman, said today.

At the latest count, over 800 season tickets were sold which has given the association board of directors more money to work with than in the past. Last year the subscribers totaled 600.

Opera tenor Brian Sullivan and the Myers Kitch dance group are announced attractions for next season but the other three concerts have not been verified with the New York booking office. An announcement is expected soon. Key to the success of the drive, according to publicity chairman John McCabe Moore, the large number of workers who volunteered to sell tickets during campaign week.

"According to the national average it usually works out that for every volunteer worker there are eight to ten tickets sold," Moore said. This year there were 100 volunteers compared to 65 last year.

"It's hard to pin-point a reason why more people volunteered," he said. "Almost every person contacted for volunteer work accepted while in past years we encountered a certain degree of reluctance."

Robert Dan Todoroff is president of the association, now in its eighth year.

Mrs. Frances Rozzyke, 64, Dies Saturday

Duty Of Voters To Go To Polls, And To Base Voting On Ability And Integrity

April is here, and with it have come three election days of importance to local voters.

Believing will take place Saturday, April 9, in the three local school districts, and it will be particularly important to vote in the Granite City community school district, where there is opposition. There is no contest in the other two districts.

On the following Tuesday, April 12, Quad-Cityans will be confronted by a lengthy list of primary candidates. Forty-five candidates are seeking 26 Democratic nominations and 36 are running for 26 Republican nominations, with the winners to meet in the November general election. In addition, party committeemen will be chosen in each precinct April 12, and votes will be cast in the county school trustee election, where there is no opposition.

Finally, on April 30, voters in Granite City will elect a city judge and a clerk of the city court for six-year terms. Most of the state and county offices are for four years, with some only two years, and the school board terms are three years.

It would be hard to emphasize too strongly the need for all voters to participate. Free elections are the chief distinction between self-governing countries and the slave nations controlled by dictators. The surest road toward lasting freedom is to allow elections to go by default, either through failing to vote or allowing one's vote to be decided on some other basis than what candidates are the most qualified by ability and integrity.

It is often said that many people will take the trouble to vote against someone or something they oppose, but will not bother to cast a ballot if they are pleased with the conduct of government, simply because there is no strong emotion present to arouse them to action. But, surely, local residents are good enough citizens to vote for what they are for, as well as against what they oppose.

Every voter has both a privilege and a duty to go to the polls and vote in this month's elections. First on the list is the school election on Saturday.

Prompt Contract Approval Next Step In City's Efforts To Meet Drainage Needs

Granite City aldermen's decision to proceed with a master drainage survey contract as originally voted in mid-February is the right choice. It will enable the full federal grant of \$120,000 to be used, if needed. One more vote remains to formally order the work to the recommended design of government, simply because there is no strong emotion present to arouse them to action. But, surely, local residents are good enough citizens to vote for what they are for, as well as against what they oppose.

A limited amount of time is available to utilize the survey funds and complete the planning for storm water trunk lines to meet existing and future drainage needs.

Another factor is that aerial photography included in the survey should be conducted before tree leaves and other foliage obscure the view for topographic purposes. Still another consideration is that the drainage needs are acute; the solution that can be provided by the master drainage program should be made use of at an early date to facilitate growth of the community.

For many reasons, it will serve the public interest if the contract is approved speedily, enabling the important drainage engineering study to begin. The sooner it is completed, the sooner the program can be submitted to voters for approval.

\$60,000,000 Annual Buying Level Likely To Be Reached In Quad-Cities Soon

Quad-City purchasing power may soon top the \$60,000,000 mark, statistics compiled by the Illinois Department of Revenue indicate. Unofficial tabulations of monthly reports disclose that buying in 1959 amounted to \$58,400,000, exceeding the \$57,900,000 level attained in 1957 and well ahead of the 1958 total of \$52,100,000.

With purchasing of \$45,500,000 in Granite City, \$10,000,000 in Madison, \$2,400,000 in Venice and \$600,000 in Mitchell, and the community growing steadily, a \$60,000,000 buying total seems to be within reach.

The year of 1959 also saw city sales taxes soar to a record \$250,000, compared to \$220,000 in the two previous years. Since the half per cent levy went into effect here on Feb. 1, 1956, the three city treasuries have derived a total of over \$880,000, a figure due to surpass \$1,000,000 by mid-year.

A \$60,000,000 yearly buying level seemed only a dream a few years ago, but it is now almost a reality. The community still has ample room for expansion, but it has come a long way already.

There are many ways in which people try to have their cake and eat it, too.

Rapid, Effective Action Taken By GC Police To Halt Vice Operations

Steps taken by Granite City police to halt a vice ring operating in local taverns are an example of what can be accomplished when there is sincerity and determination on the part of law enforcement officers.

Most aspects of such vice activity involve only misdemeanors, and evidence is difficult to gather. Yet, it is important to enforce the law against prostitution, and the police have shown that a strong stand can lead to successful suppression.

While specific charges are sometimes hard to prove, Granite City police have demonstrated that the enforcement job can be carried out. They deserve commendation for prompt and effective action.

We know old men who remember the compliments that come to them as little boys.

ATTENDANCE URGED AT COUNCIL SESSIONS

C. E. Townsend, editor Granite City Press-Record, Granite City, Illinois

Dear Sir:

The same men are still in office and the same story is being repeated . . . HIGHER TAXES

A change is needed and it is up to the people . . . Each and everyone has an obligation to himself and to his family to know where his hard earned tax money goes.

Does John Doe know that the council meetings are open to the public? Does he actually know how his alderman votes? Remember—he is only representing you and your neighbor. Let him know what you like and dislike . . . Public opinion makes the difference between an efficient government for the people or a sloppy government to take the people . . . Your attendance at the council meetings is not compulsory but the obligation is there.

Know your alderman. Know the bills and laws he votes for or against.

Know for what purpose your tax money is spent because good or bad the blame is yours. Council meetings are held every Monday evening at 8 p.m., except the second Monday of each month.

5 FIRE STATIONS FOR PRICE OF ONE

Dear Corby:

In your Monday edition, March 21, 1960, you mentioned with headline, PLUSH NEW GC FIRE STATION NEARING COMPLETION. You were hit it right when you called it PLUSH.

For the price that was paid for this Plush Fire Station, they could have built three (3) smaller stations and could have located them in essential places where needed, thereby helping to lower the cost of fire insurance.

The people of Granite City are wondering what is going to happen next with their tax dollars.

Sincerely,
AL. WARD, JR.

Fisher, Hausman Inquests Conducted By Pieper

A verdict of accidental death caused by a skull fracture was returned by a coroner's jury at an inquest conducted last week in St. Louis.

Deputy Coroner Henry Pieper said the jury found that Hausman, a foreman at American Steel Foundries, suffered a crushed skull when struck by a moving monorail bucket in the core department at the plant.

The jury also ruled that George E. Fisher, 51, of Mitchell died of gunshot wounds in the heart, inflicted by pellets from a 12 gauge shotgun in the hands of his son, Davis, 15, on March 21 in the Fisher home.

No further action was deemed necessary by the jury, since the case already has been submitted to the grand jury.

JUST TRY TO LIFT YOURSELF

Did you ever hear the story of the man who tried to lift himself? Of course, he found that it couldn't be done. For instance, try wheeling yourself in a wheelchair! Or try lifting yourself by your own boot strap! It can't be done, so why not quit trying?

You say, you never did try it? Don't be too sure. Many people try to lift themselves to Heaven by their own efforts. You've heard them. They say, "I never steal, I support my family, I don't get drunk, I treat everybody right, I'm as good a man as any church member. If anybody goes to heaven, I will."

No chance, sir. You will not. Not that way.

The only way to Heaven is by accepting Jesus Christ as your Savior. He said: "I am the way, the truth, and the life. No man cometh unto the Father but by me."

That teaching was the heart of the Reformation. It is the heart of the Gospel; it is the heart of our Church's preaching.

This is the heart of Lutheran Lenten preaching which emphatically emphasized this Wednesday in the three Lutheran pulpits in Granite City at 7:30.

Optimists Honor Charter Members, Past-Presidents

Sixty-six members of the Daybreak, Noonday and Twilight Optimist Clubs of Granite City attended the first joint meeting of the organizations Thursday night at the Rose Bowl restaurant, to honor the past presidents and charter members of the clubs.

Optimist Lt. Gov. Floyd Mitchell presided at the dinner and recognition meeting, with G. H. Sternberg serving as master of ceremonies. Sternberg traced the history of the Optimist movement in Granite City, where the first organizational meeting was conducted at the YMCA on March 6, 1923.

Temporary officers for the first club here, organized with the assistance of East St. Louis and Belleville groups were Carl Lomax, chairman and A. M. Wilson, secretary-treasurer. The Optimist Club here was officially organized on April 25, 1925.

Charter members honored included four from the Noonday Club, oldest of the three local groups, Albert B. Lehmann, Arthur D. Roseman, John G. Tate and A. M. Wilson.

Twilight Club charter members recognized Thursday were James DeFuntz, Virgil H. Dufresne, Lloyd D. James, Harry Loman, Wesley J. Loman, Charles McCollum, James W. Malott, Leland Markgraf, Harold J. Matson, Charles A. Meyer, William T. Overbeck, Carl Paoli, Norman S. Farrell and Walter O. Pearson.

Charter members of the Daybreak Club honored were Robert O. Butler, Allen L. Babanks, George E. Eubanks, Sigmund Fredericks, Thomas W. Hundley, Sidney M. Manis, George E. Moore, Ralph D. Schmitt, Charles W. Vosa, Gerald G. Warren, and Harry Wolff.

First Presidents honored included 32 from the Noonday Club and five each from the Daybreak and Twilight Clubs.

Presbyterian Men Hear Report On Convention
Don Clendenin, president of the First Presbyterian Church Men's Council, presided at a regular meeting of the group Thursday night at the church as 66 members heard a report on the recent Chicago convention of Presbyterian Men.

Guest at the meeting was Oscar Barmelmeier of Edwardsville, president of the Presbyterian Men's Council, Alton Presbyterian. Dinner was served by members of the United Presbyterian Women's Association.

Speeding Charge

Terry Norman Riley, 23, of the 57th Engineer Co., Granite City Engineer Depot, was arrested at 1:15 a.m. Friday by Granite City police and charged with speeding at 25th street and Delmar avenue. He posted \$11 cash bail.

It was announced by Ralph Brasher, district manager of the East St. Louis, Illinois Security Administration, 435 Minnesota avenue, that self-employed people who net \$400 in business for themselves must file their income tax returns and report their earnings for social security for 1959 by April 15, 1960. The social security tax on the 1959 net earnings of the self-employed amounts to 3 1/2%. This social security tax payment must accompany the tax return when it is mailed to the Director of Internal Revenue.

Over 8 1/2 million self-employed people obtain social security and disability coverage through this means of paying their social security tax.

City Democrats To Hear Candidates On Wednesday

Candidates endorsed by the Granite City Democratic committee will speak here during a public meeting to be held at 8 p.m. Wednesday in the VFW hall, 21st street and Washington avenue. It was announced today by City Democratic Chairman Robert Gibson.

The city chairman said arrangements have been made for several hundred persons and extended an invitation to all interested persons to attend. He added that refreshments will be served.

The speakers will include — Joseph Lohman, candidate for governor; John L. Wellington, lieutenant governor; Lloyd "Curly" Harris and Paul Simon, state representatives; George J. Moran, delegate to the national convention; James Chapman, recorder of deeds, and John Kraynack, county auditor.

45 Delegates Attend Mock PTA Convention
Earl Lee, administrative assistant to the Granite City superintendent of schools, conducted a mock convention at the Granite City high school for 45 PTA members who are general delegates to this year's state convention to be held in Peoria.

A review of "Robert's Rules of Order" was conducted to prepare the delegates for the statewide meeting later this month. The mock convention was conducted with refreshments served in the school cafeteria.

Hit-Run Accident

Ernest Marlin, 1220 Logan street, reported to Granite City police Thursday afternoon that his car was damaged while parked on the lot at the General Steel Castings Corp. plant between 8 a.m. and 4 p.m. He said the left front light was broken by a hit-run driver.

Earl Lee Will Receive Degree

The name of Earl Lee, 3715 Hancock road, administrative assistant in the Granite City school system, appears on the list of students at the University of Illinois who have successfully completed work for midyear degrees. He will receive an Advanced Certificate in Education.

Since there is no midyear commencement ceremony, final check of grades and work completed is not carried out until second semester registration is out of the way. Diplomas now have been prepared for the graduates and were mailed April 1. The students were honored at a convocation Jan. 31, the day after final examinations ended.

A French proverb (author unknown)

"THE PRESENCE OF A DOCTOR IS THE FIRST PART OF A CURE"

When using home remedies or patent medicines it is important to understand their benefits and limitations. Taken at the first sign of a headache, stomach-distress, muscular pain, etc., relief sometimes comes quickly from an uncomplicated condition.

But, if any of the symptoms return, then self-treatment though giving temporary relief, may be masking an accumulating problem that may eventually endanger your life. To cure, a physician's diagnosis of the cause is essential. One should be consulted as soon as possible.

YOUR DOCTOR CAN PHONE US when you need medicine. A great many people entrust us with their prescriptions. May we compound yours?

GC Future Homemakers Will Host Spring Rally

Future Homemakers of America at Granite City high school will observe FHA Week this week. Events will include an assembly program Tuesday during which FHA girls will present a state flag to the school, and a spring rally at GCHS from 9 a.m. to 3 p.m. Saturday to be attended by 300 girls from schools in FHA Section Four. An election, recreation and luncheon are included in the rally plans.

Members will wear red and white clothing and the FHA emblem this week. They plan to present roses to members of the faculty during the week.

PTA Leadership Training Certificates Given To 23

"Our community has just cause to feel proud of these people who have taken their time to study leadership skills," Henry D. Karandjeff, chairman of the board of Granite City Trust & Savings Bank, told those present at a banquet ending the Parents-Teachers Association training course Saturday in the Granite City high school cafeteria.

"These people will use the skills they've learned to help PTA units work together with both school and parents to give our children a good educational program," Karandjeff said.

Three of the four segments of the course, certificates were given to 23 who met these requirements although at several sessions 25 attended.

Mrs. V. J. Brader, director of District 28, Illinois Congress of Parents and Teachers, presented certificates to Mrs. Louise Johnson, Mrs. Josephine Fletcher, Mrs. Maybelle Mueller, Mrs. Lucille Caban, Mrs. Virginia Whaling, Mrs. Mary N. Darner, Mrs. Lois E. Haynes, Mrs. Nancy Jessie, Paul A. Lilly, Mrs. Kenneth Gieson, Mrs. R. F. Stone, Mrs. C. R. Cooper, Mrs. Harry Wood, Mrs. Betty Caldwell, Mrs. Esther Schermer, Mrs. John Lemon, W. J. Sizemore, Herman Greve, Mrs. Ethel Guttman, Mrs. Dorothy Menninger and Edwin L. Wagner.

Dr. Harold M. Kaiser, superintendent of Granite City schools, also presented District Nine certificates to those living in the school district.

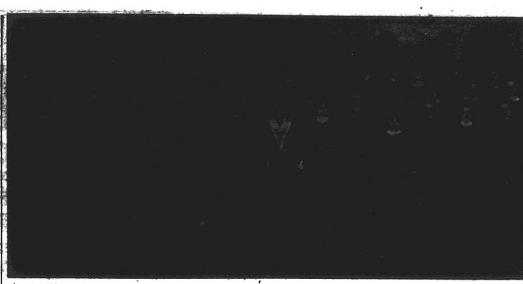

The course, which was held on four Saturdays, starting March 12, was termed a success by the leadership chairman, Harry C. Wood. "Although nothing is definite, the course may be repeated next year," Wood said.

Instructors were Dr. Kaiser, M. A. Wittervongel, director of adult education in Granite City, and Earl Lee, administrative assistant in the school system. Coordinator was Waldo Sizemore, and Edwin Wagner was in charge of registration.

Topics discussed were "adult methods and group participation," "adult and leadership," "child growth and guidance," "use of materials," "parent education and PTA relationship," "group discussion" and "the role of officers as discussion leaders."

The horse had a lot of instinct to help guide the buggy, but the automobile is completely at the mercy of the driver.

Student Groups Can Tour Madison Library This Week

Teachers in Madison schools are being invited to tour the Madison public library with their pupils during "National Library Week," which began today and continues through Saturday, Librarian Miss Betty Johnston announced.

The library is also placing emphasis on the annual observance, the theme of which this year is "Open wonderful new worlds; wake up and read," by distributing book marks through Madison merchants and erecting a number of "National Library Week" posters in Madison businesses.

Three books of a religious nature top the list among new offerings being stressed at the library this week. They include "Christ and the Fine Arts" by Maus and illustrated Bibles in both the Protestant and Catholic versions.

Non-fictional volumes recommended by the library include D. A. Laird's "Singing Up Pe-

Venice HS Chorus Sings in Madison

A medley from "South Pacific" was included among selections presented by the Venice high school mixed chorus Friday afternoon at the Madison high school gymnasium.

Appearing with the chorus, which is directed by Miss Purdes and accompanied by Judy Edwards, were a number of specialty and solo performers from Venice grade and high schools, including "The Varsity Five," in reality Ronald Wyatt, Clarence Hand, Woodrow Moad, John Corrie and Larry Gray, all regulars on Venice's varsity basketball team; and eighth grader Bill Battist, whose rock-and-roll guitar solo drew two encores.

Soloists were Benjamin Hasty, Lloyd Patterson, John Gontem, Mike Lopez, Ginny Foley and John Cox. Special numbers were also presented by a fifth grade trio, the girls' chorus, and a group of calypso dancers Chuckie Hormann and Diane Spahr.
